

## REVOLUTIONARY PLOT IN MOSCOW UNEARTHED

State of Siege Declared and  
Number of Plotters Placed  
Under Arrest.

(International News Service.)  
London, June 3.—Following the discovery of a counter revolutionary plot, a state of siege has been declared at Moscow, many plotters have been arrested and the executive committee has decided to call to arms several classes of workmen and peasants in the Petrograd, Moscow, Kuban and Don regions, according to a dispatch received via the Russian wireless.  
Revolutionaries in the Kuban and Don regions are menacing flour depots and evidently hope to provoke foreign intervention.  
The plot was discovered, it was said, following a meeting of Czech and Slovak corps, which have already occupied several important railway junctions.

## TEXTILE OPERATIVES QUIT FOR MORE PAY

New Bedford, Mass., Mills Shut  
Down as Result of General Strike.

(Associated Press.)  
New Bedford, Mass., June 3.—The textile mills of this city, employing 55,000 operatives, were shut down today in consequence of a general strike, called by the general council last night. One-third of the operatives have been engaged on government contracts.  
The mill gates were opened at the usual time. Most of the operatives were on hand. They took their clothing and such tools as were their personal property and went away without any demonstration. In the early hours there was no picketing.  
Labor leaders and representatives of the manufacturers conferred during the forenoon with William Z. Ripley, administrator of labor standards, who came here yesterday at the request of Secretary Baker to try for a settlement. It is estimated that cloth for government purposes comprises about 25 per cent. of the production of the mills. The textile council, which originally sought a 25 per cent. advance in wages for the operatives, as opposed to the manufacturers' offer of 12 1/2 per cent., modified its demands to 20 per cent. The manufacturers then agreed to a 15 per cent. increase, which the council rejected. The strike was then voted.
